Thank you for choosing Leavitt Family Medicine, PLLC.

It is our policy that all fees including co-pays, deductibles and non-covered services are due and payable on the date of service unless other payment arrangements have been made.

As a service to our patients, we will file a claim with your insurance company. The filing of insurance does NOT release the patient from responsibility for charges for services which have been provided. Please make sure we have a current copy of your insurance card. ***If we do not have the correct insurance information on the date of service and your claim is denied, you are responsible for payment.*** It is your responsibility to verify if our office is in network with your plan.

Accounts which are not paid within a reasonable period of time, and for which no special arrangements have been made, will be subject to placement with collection agencies following due notice.

Having read and understood the above statements, I agree to the terms set forth:

1. I understand my co-pay, deductible or non-covered service fee is due and payable at my appointment or I will need to reschedule my appointment.
2. I understand that I am financially responsible for all charges, even if they are not covered by insurance.
3. If my insurance does not pay, I understand that I am responsible for those charges.
4. In the event that I do not pay in accordance with the above policy and my account is sent to a collection agency, I agree to pay all costs of collection, including attorney fees.
5. If my account is sent to collection, I understand I will be dismissed from this practice.
6. I understand if I fail to show up for a scheduled appointment without a notice, I will receive a bill for the missed appointment. I understand a third missed appointment is grounds for dismissal from the practice.

I, the patient or guarantor/guardian hereby authorize the release of all applicable medical information including, without limitation, copies of all records and test results produced to the designated attending, referral and/or follow-up physicians and such other healthcare practitioners or organizations which will be providing subsequent monitoring, care or treatment in connection with care provided by Leavitt Family Medicine, PLLC. I also authorize the release of information from my medical record in order to comply with applicable law, to facilitate the performance of utilization review and quality assurance activities and to facilitate third-party accreditation/certification activities. I accept responsibility for the medical charges incurred by the patient and agree to pay all bills at the time of service, unless other arrangements are made. I authorize physician and/or clinic to render medical treatment and to release information to process insurance claims and to determine Medicare benefits. I also authorize my insurance claim and/or authorized Medicare benefits to be paid directly to Leavitt Family Medicine, PLLC. I further agree that a photocopy of this document is to be considered as valid as an original.

Notice of Advanced Directives

I have formal advanced directives that dictate my preferences for medical management should I be incapacitated or unable to make decisions with good judgement.

I have durable power of attorney for my health care and will provide copies to the clinic. A **durable power of attorney (DPA)** for health care is another kind of advance directive. A DPA states whom you have chosen to make health care decisions for you. It becomes active any time you are unconscious or unable to make medical decisions. A DPA is generally more useful than a living will. But a DPA may not be a good choice if you don't have another person you trust to make these decisions for you.

I have a **living will** and will provide copies to the clinic. A living will is one type of advance directive. It is a written, legal document that describes the kind of medical treatments or life-sustaining treatments you would want if you were seriously or terminally ill. A living will doesn't let you select someone to make decisions for you.

I have a **Do Not Resuscitate** order. A do not resuscitate (DNR) order is another kind of advance directive. A DNR is a request not to have cardiopulmonary resuscitation (CPR) if your heart stops or if you stop breathing. (Unless given other instructions, hospital staff will try to help all patients whose heart has stopped or who have stopped breathing.) You can use an advance directive form or tell your doctor that you don't want to be resuscitated. Forms available on our website.

Patient Portal Informed Consent

Purpose of this Form

Leavitt Family Medicine offers secure, HIPAA compliant viewing of parts of your medical record and communication from our staff as a service to our patients. Secure messaging can be a valuable communications tool, but has certain risks. In order to manage these risks we need to impose some conditions of participation. This form is intended to show that you have been informed of these risks and the conditions of participation, and that you accept the risks and agree to the conditions of participation. This service is optional and not necessary to interact and communicate with our clinic.

How the secure Patient Portal works

A secure web portal is a kind of webpage that uses encryption to keep unauthorized persons from reading communications, information, or attachments. Secure messages and information can only be read by someone who knows the right password to log into the portal site.

How to participate in our Patient Portal

You can pick up secure messages or view information sent to you through a website. Once this form is agreed to and signed, we will provide you a user name and password with instructions that tell you how to register for the first time. Next you will be able to look in your message box and see any new or old messages or view other parts of your electronic medical record. You can read or view information on your computer, but it is still encrypted in transmission between the website and your computer. You can view more clinic specific information or access the Patient Portal through our clinic web page at www.leavittfamilymedicine.com/patientportal

Protecting your private health information and risks

This encrypted method of communication prevents unauthorized parties from being able to access or read messages while they are in transmission. When you pick up your secure messages from the portal, you need to keep unauthorized individuals from learning your password and gaining access to your account. If you think someone has learned your password, you should promptly go to the website and change it. If you are unable to, please call so we may de-activate your account. You need to make sure we have your correct e-mail address and are informed if it ever changes. We understand the importance of privacy in regards to your health care and will continue to strive to make all information as confidential as possible and will never sell or give away any private information, including email addresses.

Conditions of participating in the patient portal

Access to the secure web portal is an optional but highly recommended service. We reserve the right to suspend or terminate it at any time and for any reason. If we do suspend or terminate the service we will notify you as promptly as we reasonably can. You agree to not hold Leavitt Family Medicine or any of its staff liable for network infractions beyond their control.

I ACCEPT Patient Portal.
